PRAYER

I pray that God will help you keep your eyes on the Big Picture! I pray that as you are faithful with today's opportunities, God will lead you into greater things and open greater doors to you. **YOU WILL MAKE IT**, in Jesus name.

After a LONG ABSENCE, the master of those three servants came back and SETTLED up with them. The one given five thousand dollars showed him how HE HAD DOUBLED his investment. His master COMMENDED him: 'GOOD WORK! You did your job well. FROM NOW ON BE MY PARTNER.'
- **Matthew 25:19-21** (MSG, emphasis mine)

Instead of complaining about what you don't have or how what you have is not enough; begin to do something with what you have and where you are. You never know what is on the other side of what you have and where you are; you can't tell what the 'little' you have right now can become tomorrow.

Not everybody starts with so much. Perhaps just a few start at the top. However, God starts many of His beloved children at the bottom of the ladder, so that in climbing up, they will learn character, skills and leadership...more importantly, they will be quick to ascribe their success to God.

The guy in our verse doubled his financial (investment) goals and he was **MADE A PARTNER IN THE COMPANY**. New opportunities come to us by cultivating what we have; and by using what we have, we get what we don't have. Another felt what he had was too little to start with and went and buried it. What he failed to realize is this: If five and two can multiply, so also is one. His one could have become two, four, a hundred, thousands, and so on. But by despising it, he never discovered the potential of his one.

Who knows what you are yet to become with your N20, 000? Who knows where you will end in the corporation, though a junior staff today? Who knows how big an organization is in your destiny, though an apprentice today? Who knows who will need your skills tomorrow, though an amateur today? Who knows...who knows...WHO KNOWS???

However, to unlock these potentials, you have to be faithful with and in today's position...no matter what it is.
